F8=I agree

IMPORTANT-READ CAREFULLY: This End-User License Agreement ("EULA") is a legal agreement between you (either an individual or a single legal entity) and the manufacturer ("Manufacturer") of the computer system or computer system component ("HARDWARE") with which you acquired the Microsoft software product(s) identified above ("SOFTWARE"). The SOFTWARE includes Microsoft computer software, and may include associated media, printed materials, "online," or electronic documentation and Internet based services. Note, however, that any software, documentation, or web services that are included in the SOFTWARE, or accessible via the SOFTWARE, and are accompanied by their own license agreements or terms of use are governed by such agreements rather than this EULA. The terms of a printed, paper EULA, which may accompany the SOFTWARE, supersede the terms of any on-screen EULA. This EULA is valid and grants the end-user rights ONLY if the SOFTWARE is genuine and a genuine Certificate of Authenticity for the SOFTWARE is included. For more information on identifying whether your software is genuine, please see <http://www.microsoft.com/piracy/howtotell>.

By installing, copying, downloading, accessing or otherwise using the SOFTWARE, you agree to be bound by the terms of this EULA. If you do not agree to the terms of this EULA, you may not use or

## Explore your creative side with photos and videos

Windows® XP enhances your ability to share photos and videos with your friends and family. You can easily download pictures from your digital camera into the My Pictures folder.

The improved My Pictures folder shows thumbnail views of your pictures, so it's easy to find the ones you want. And the tasks in the My Pictures folder help you publish your favorite pictures to the Web or send them through e-mail to quickly share with friends and family. You can even use the Photo Printing Wizard to easily print photos in any size and quantity.

### Networking Settings

Installing network software allows you to connect to other computers, networks, and the Internet.

Choose whether to use typical or custom settings:

**Typical settings**

Creates network connections using the Client for Microsoft Networks, File and Print Sharing for Microsoft Networks, QoS Packet Scheduler, and the TCP/IP transport protocol with automatic addressing.

**Custom settings**

Allows you to manually configure networking components.

## Have more fun with games

DirectX® 8 makes a computer running Windows® XP Home Edition the ideal platform for playing the latest games, as well as running other programs that feature full-color graphics, video, 3-D animation, or surround sound.

With enhanced network support, you can play games with your family or housemates over a home network, or challenge an anonymous competitor over the Internet.

## Help protect your PC

With Automatic Updates, Windows can routinely check for the latest important updates for your computer and install them automatically. These updates can include security updates, critical updates, and service packs.

**Help protect my PC by turning on Automatic Updates now**  
(recommended)

**Not right now**

If you haven't turned on Automatic Updates, your computer is more vulnerable to viruses and other security threats.
